

We have a question regarding one of the point mentioned on the checklist on **Page 21 of 29** of RFP 2018-002 SAP CONSULTING SERVICES.

The third point mentions “***The price extensions and totals have been checked***”.

The estimated hours for each consultant has not been provided, so we are not able to provide Price extension and the total. Kindly provide the estimated hours for each consultant type or waive this requirement from the checklist. **Since no price extensions are required for this RFP, this requirement in the checklist can be eliminated.**
